

Invitation for Position of KAIST President

- KAIST extends an invitation for the next president to lead one of the world's top science and technology research institutions.

Founded as Korea's first research-centered graduate school in 1971, the Korea Advanced Institute of Science and Technology has strengthened its position as the nation's top university by leading innovative school systems and a goal-oriented research culture and is continuing to grow as one of the world's prominent research institutions.

KAIST is now inviting the next president with grand vision and strong leadership to further build on the institution's passion and innovative achievements made over the past 50 years and inspire the school to address major challenges faced by humankind.

◇ Eligibility

- ▶ Those who satisfy the qualifications specified in Article 11 of the Rules on Management of Presidential Candidate Appointment Committee (See Exhibit 1)
