[The Graduate School of Science and Technology Policy (STP)](#) at the [Korea Advanced Institute of Science and Technology (KAIST)](#) announces two tenure track positions in global science and technology policy. This is an open rank search, inclusive of scholars across disciplines within the humanities and social sciences. International scholars are highly encouraged to apply.

The area of specialization is open, and we have a particular interest in researchers who address science and technology policy in the context of disasters, nuclear policy, AI and cyber security, and climate change. Outstanding scholars who use quantitative or qualitative methods and are involved in the discussions of gender, disability, race, infrastructure, inequality, environmental and health justice, and discard studies are encouraged to apply. Preference will be given to applicants with strong scholarship in computational public policy.

Scholars interested in these positions are encouraged to contact search committee co-chairs Prof. Scott Gabriel Knowles (sgknowles@kaist.ac.kr) and Prof. Dasom Lee (dasom.lee@kaist.ac.kr) for more information. Application materials need to be submitted by **October 15, 2023**. In order to apply, please send your application materials listed below by email to danielyoon@kaist.ac.kr

Application Package
1. Application form, including major research accomplishments, teaching plans, and research plans (KAIST official form)
2. Personal information collection and usage agreement (KAIST official form)
3. Cover letter with research and teaching statements (PDF)
4. Curriculum vitae (with a list of three referees) (PDF)
5. One sample publication or writing sample (PDF)

* Official forms by KAIST (doc #1-2 above) can be downloaded at: https://stp.kaist.ac.kr
* Per the Korean government regulation, personal information that may create any bias in the review process should not be included in the application documents, such as the places of origin, physical appearance or condition (no photos allowed), family backgrounds, etc.. For inquiries about how to prepare application documents, please contact the STP office at danielyoon@kaist.ac.kr

The search committee is especially interested in candidates who will contribute to the diversity and excellence of the STP and KAIST community through their research, teaching, and service.
