

Faculty Position Opening

Graduate School of Medical Science and Engineering, Korea Advanced Institute of Science and Technology (KAIST)

The Graduate School of Medical Science and Engineering at KAIST invites applications for tenure-track faculty positions at the Assistant Professor level. Applicants are welcome in all areas of biomedical research. We have multiple positions available and will accept the applications until December 20, 2019 for the first round of review.

Applicants must have a Ph.D or M.D.-Ph.D. in Biomedical Sciences or a closely related field by the time of application. Applicants must demonstrate their potential for outstanding research achievements and a strong commitment to education. International candidates are welcome to apply.

The Graduate School of Medical Science and Engineering attracts nation-wide top graduate students with clinical expertise pursuing Ph.D. degrees. The normal teaching load is one course per semester. KAIST offers a competitive salary and a start-up research fund. In addition, KAIST provides faculty housing for the first five years with a minimal charge.

Applicants are requested to submit the following documents via email: leebr@kaist.ac.kr

- application form including research and teaching plans (in English)
 [\[Download\]](#)
- PDF files of major publications (up to five)

Review of the application will begin immediately when all the required documents arrive. The result of the application review will be notified individually via email. We will request three recommendation letters from applicants who have passed the first round of review.
