

Faculty Position Openings, Department of Chemical & Biomolecular Engineering, Korea Advanced Institute of Science and Technology (KAIST)

Department of Chemical and Biomolecular Engineering at KAIST invites applications for **tenure-track faculty positions at Assistant, Associate and Full Professor Levels**. Applicants from all areas of chemical and biomolecular engineering are welcome. We *have two positions* available and will accept the applications from **Sep 1, 2024 to Sep.30, 2024**.

Applicants must have a Ph.D. in Chemical Engineering or a closely related field by the time of appointment. Applicants must demonstrate strong research potential and commitment to teaching undergraduate and graduate students. Candidates with established records in research and teaching will be considered for a tenured position. Non-Korean candidates and female candidates are strongly encouraged to apply.

KAIST offers a competitive salary and a start-up research funds. In addition, all faculty members have joint appointments with KAIST Institutes, with expanded opportunities for interdisciplinary research and funding. KAIST attracts top students pursuing B.S., M.S., and Ph.D. degrees. The normal teaching load is one course per a semester.

KAIST provides faculty housing for the first five years; housing is free of charge for the first two years and at a minimal charge after that. Non-Korean faculty members are not required to learn Korean, although some basic Korean language skill will be helpful in *everyday* life.

Applicants should send the following application documents to the Head of Chemical & Biomolecular Engineering at applycbe@kaist.ac.kr.

- An application form including research & teaching plans and CV (**Download from KAIST website**)
- Copies of five key publications
- Other documents that may support the application

KAIST treats all information provided in recommendation letters with the highest degree of confidentiality. After the first round of review, candidates will be contacted and asked to submit three reference letters.

Please visit KAIST web site (<http://www.kaist.ac.kr>) for general information about KAIST. Please visit CBE web site (<http://cbe.kaist.ac.kr>) for general information about CBE department.

For further detailed information, please contact the Department of Chemical & Biomolecular Engineering. (Communication through email is preferred.)
